

2022 QBS  
Request for Proposal (RFP)  
BAKER ROAD OVER JACKSON BRANCH BRIDGE REPLACEMENT FOR  
MANHATTAN TOWNSHIP HIGHWAY DEPARTMENT  
PHASE III ENGINEERING SERVICES  
Section Number: 14-12112-01-BR

The Manhattan Township Highway Department requires professional services from a qualified engineering firm to provide Construction Engineering Services for the Baker Road over Jackson Branch bridge replacement. The project will be administered by the Road District.

At this time, the Township anticipates starting this work in early 2023, with approximately twelve (12) months to complete the work.

Submittal of Proposals required electronically to [jb\\_highway@yahoo.com](mailto:jb_highway@yahoo.com) no later than **12:00 PM (Noon), July 29, 2022** addressed to **James Baltas**.

Proposals received will be used by the Township to determine a preferred consultant for the work. The preferred consultant will be contacted by the Township.

If you plan to enter into a joint venture for this project, please note this on your proposal, including the name of the firm entering into this joint venture with you for this project.

Any questions on the project may be emailed to the Manhattan Township Road Commissioner.

**A proposal received after the above noted deadline will not be considered.**

**Jame Baltas**
